Word From the CEO

I would like to express how proud I am with the work that we have done and are doing every day. I would also like to extend my gratitude to all the staff for their hard work and dedication in achieving our objectives. We have been working since 2003 to make sure our clients get the best value and the highest quality results. Throughout the years, I made sure that our team have the best experience in electrical and mechanical works. We, at HEMCO, are one team working towards developing the field, and creating opportunities for new talents. We hope to give the chance to new talents to develop and gain the best experiences at our company to grow and help evolve the industry.

Introduction

Habbal Al-Arabi Contracting (HEMCO) was established in 2003 in Jeddah, Saudi Arabia. The company is specialized in the field of contracting and electro-mechanics.

In early 2008, HEMCO established a factory for electrical control panels, cable trays, and metal products manufacturing. In 2011, the activities were extended to Riyadh city.

In early 2017 HEMCO became a limited liability company. Since establishment, with the firm management and excellent reputation as a foreign investment company, we have been able to participate effectively in the implementation of many projects. We are specialized in the implementation of vital and strategic projects in the public and private sectors in the field of electromechanics. We executed a number of major government projects in cooperation with giant companies in Saudi Arabia and foreign companies with extensive international experiences in the relevant fields.

We pride our selves with the administrative, technical and financial capabilities to complete projects on time, efficiently and with high quality. Our capabilities strengthened us to compete in all construction sectors and to become one of the leading companies in Saudi Arabia.

HEMCO

Our mission

To complete high quality projects on time, and insure our clients' satisfaction.

Our Values

Honesty

Development

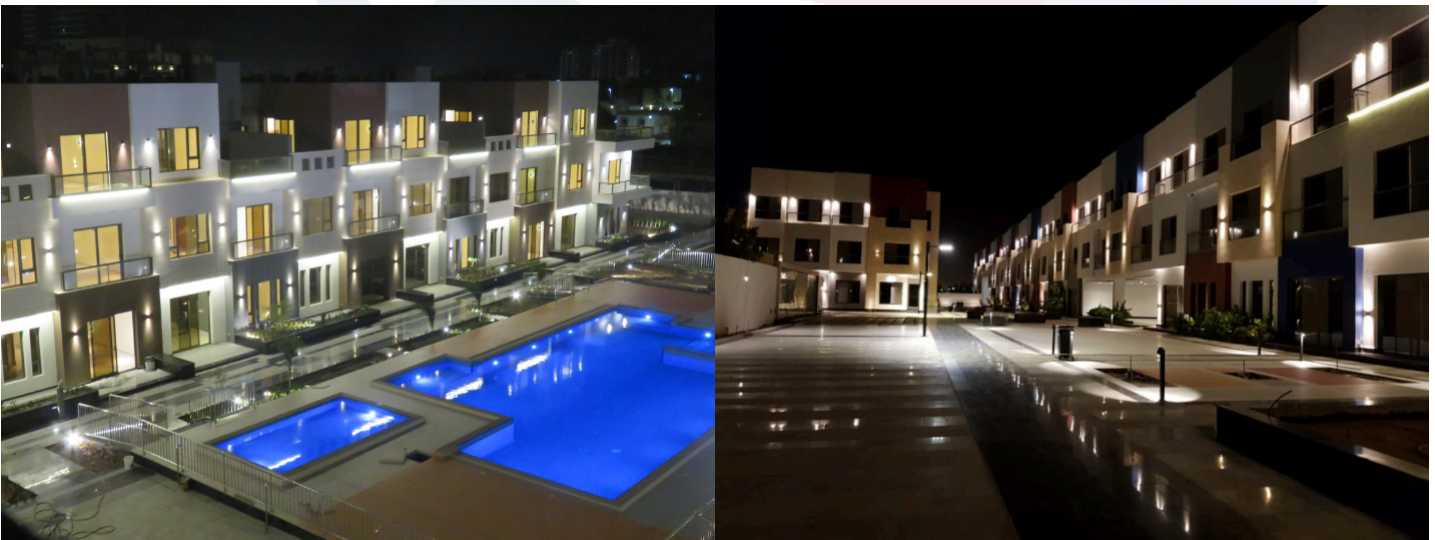

Integrity

Professionalism

Our Vision

To be one of the leading companies in the construction sector in Saudi Arabia.

5

Saudization

We are committed to achieve the required Saudization rates, by recruiting the best talents, and always develop our team.

HEMCO

Fields of Experties

We provide services in construction, electrical and building related mechanical works.

We are capable of executing high quality projects in a varied range of expertise for both the public and the privet sectors. We also provide services for commercial structures, civil projects, and residential projects.

- 1** Project Mangment
- 2** Construction
- 3** Fire Protection
- 4** MEP
- 5** Steel Structure
- 6** Finishing

Fields of Experties

We also provide technical assistance for any construction problems encountered in any project.

Our team has tremendous pride in their ability to perform a high quality job, efficiently, safely, on time.

We have been able to establish great business relationships with our clients, and have gained contacts in a wide range of human and technical resources. As a result, we can offer clients a comprehensive package that would comply with their needs.

Finishing Work

In 2010 we started taking finishing projects, we have accumulated and developed a lot of experience working on these projects. Our finishing team is well trained and experienced in finishing various typed of flooring, ceiling, and wallpapers. We make sure that our clients receive the best services and the highest quality finishes by using the best materials and the best practices.
